FILINVEST LAND, INC. AND SUBSIDIARIES

NOTES TO INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Corporate Information

Filinvest Land, Inc. (the “Parent Company” or “FLI”) is a property developer engaged mainly in the development of residential subdivisions, construction of housing units and leasing activities. It was incorporated and is domiciled in the Philippines where its shares are publicly traded. Formerly Citation Homes, Inc., the Parent Company was incorporated on November 24, 1989, after the expiration of its corporate life of 50 years, and later changed to its present name on July 12, 1993. The Parent Company and its subsidiaries (collectively referred to as “the Group”) offer a range of real estate products from socialized and affordable housing to middle-income and high-end housing, various types of subdivision lots, medium-rise residential buildings, farm estates, industrial parks, residential resort projects, condotels, and condominium buildings. The Group also leases out commercial and office spaces in Muntinlupa City, Makati City, Pasay City, Cebu City, Tagaytay City, Cavite, and Clark Mimosa, as its major locations for leasing.

The Group’s parent company is Filinvest Development Corporation (FDC), a publicly listed entity. A.L. Gotianun, Inc. (ALG) is the Group’s ultimate parent company. FDC and ALG were incorporated in the Philippines.

The Parent Company’s registered business address is at 79 E. Delos Santos Ave. (EDSA), Brgy. Highway Hills, Mandaluyong City.

On April 22, 2022, the Board of Directors approved and authorized the release of the accompanying unaudited interim condensed consolidated financial statements of Filinvest Land, Inc., and Subsidiaries.

2. Summary of Significant Accounting Policies

Basis of Preparation

The interim condensed consolidated financial statements are prepared using the historical cost basis, except for financial assets at fair value through other comprehensive income (FVOCI) that are measured at fair value. The Group’s consolidated financial statements are presented in Philippine Peso (Peso), which is also the functional currency of the Parent Company, its subsidiaries, and associates. Amounts are in thousand Pesos except as otherwise indicated.

The interim condensed consolidated financial statements provide comparative information in respect of the previous period.

Statement of Compliance

The unaudited interim consolidated financial statements of the Group for the Three months ended March 31, 2022 have been prepared in accordance with Philippine Accounting Standards (PAS) 34, Interim Financial Reporting, as modified by the application of the following reporting reliefs issued and approved by the SEC under Memorandum Circular No. 34-2021 in response to the COVID-19 pandemic.

1. Assessing if the transaction price includes a significant financing component as discussed in Philippine Interpretations Committee (PIC) Questions and Answers (Q&A) No. 2018-12-D
2. Application of IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23, *Borrowing Cost*).

The unaudited interim consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group’s annual consolidated financial statements as at December 31, 2021, which have been prepared in accordance with Philippine Financial Reporting Standards (PFRSs), as modified by the application of the following reporting reliefs issued and approved by the SEC under Memorandum Circular No. 34-2020 in response to the COVID-19 pandemic.

Basis of Consolidation

The unaudited interim consolidated financial statements include the accounts of the Parent Company and the following subsidiaries. The nature of business and the corresponding percentages of ownership over these entities as of March 31, 2022 and December 31, 2021 are as follows. The voting rights held by the Group in these subsidiaries are in proportion to its ownership interest.

CPMC has not started commercial operations as of December 31, 2021.*

Except for PLIL which was incorporated in British Virgin Islands, all of the Parent Company's subsidiaries were incorporated in the Philippines. The financial statements of the subsidiaries are prepared for the same reporting period as the Parent Company using consistent accounting policies.

None of the foregoing subsidiaries has been a party to any bankruptcy, receivership or similar proceedings and has not undergone or entered any material classification, merger, consolidation (except as disclosed elsewhere in this report), purchased, or sold a significant amount of assets outside the ordinary course of business.

Changes in Accounting Policies and Disclosures

The accounting policies adopted in the preparation of the Group's consolidated financial statements are consistent with those of the previous financial years, except for the adoption of the following amendments in PFRS and PAS which became effective beginning January 1, 2021. Unless otherwise indicated, adoption of these amendments to existing standards and interpretations did not have an impact on the consolidated financial statements of the Group.

- Amendment to PFRS 16, *COVID-19-related Rent Concessions beyond 30 June 2021*

The amendment provides relief to lessees from applying the PFRS 16 requirement on lease modifications to rent concessions arising as a direct consequence of the COVID-19 pandemic. A lessee may elect not to assess whether a rent concession from a lessor is a lease modification if it meets all of the following criteria:

- The rent concession is a direct consequence of COVID-19;
- The change in lease payments results in a revised lease consideration that is substantially the same as, or less than, the lease consideration immediately preceding the change;
- Any reduction in lease payments affects only payments originally due on or before June 30, 2022; and
- There is no substantive change to other terms and conditions of the lease.

A lessee that applies this practical expedient will account for any change in lease payments resulting from the COVID-19 related rent concession in the same way it would account for a change that is not a lease modification, i.e., as a variable lease payment.

The amendment is effective for annual reporting periods beginning on or after April 1, 2021. Early adoption is permitted. The Group adopted the amendment beginning April 1, 2021. These amendments had no impact on the Group as there are no rent concessions granted to the Group as a lessee.

- Amendments to PFRS 9, *Financial Instruments*, PFRS 7, *Financial Instruments: Disclosures*, PFRS 4, *Insurance Contracts*, and PFRS 16, *Leases*, *Interest Rate Benchmark Reform - Phase 2*

The amendments provide the following temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR):

- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform
- Relief from discontinuing hedging relationships
- Relief from the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component

The Group shall also disclose information about:

- The about the nature and extent of risks to which the entity is exposed arising from financial instruments subject to IBOR reform, and how the entity manages those risks; and
- Their progress in completing the transition to alternative benchmark rates, and how the entity is managing that transition

The amendments are effective for annual reporting periods beginning on or after January 1, 2021 and apply retrospectively. These amendments had no impact on the unaudited interim condensed consolidated financial statements of the Group.

- *Adoption of PIC Q&A 2018-12-H, PFRS 15 - Accounting for Common Usage Service (CUSA) Charges*

On February 14, 2018, PIC Q&A 2018-12-H was issued providing guidance on accounting for common usage service which concludes that real estate developers are generally acting as principal for CUSA charges. Under SEC MC No. 3-2019, the adoption of PIC Q&A No. 2018-12-H was deferred until December 31, 2020. After the deferral period, real estate companies will adopt PIC Q&A No. 2018-12-H and any subsequent amendments thereto retrospectively or as the SEC will later prescribe.

The Group previously availed of the reliefs provided by the SEC and have accounted for the related revenue net of costs and expenses. As at January 1, 2021, the Group adopted PIC Q&A 2018-12-H retrospectively. The Group assessed itself as principal for CUSA and air-conditioning charges, and as an agent for electricity and water usage. Accordingly, the Group presented the revenue from provision of CUSA and air conditioning services and its related costs on a gross basis as part of “Revenue from rental and related services” and “Cost of rental and related services”, respectively.

The adoption did not impact the consolidated statements of financial position and consolidated statements of cash flows.

- *Adoption of Q&A 2018-12-E (as amended by PIC Q&A 2021-02) - Treatment of Uninstalled Materials in the Calculation of the POC*

PIC Q&A 2020-02 was issued by the PIC on October 29, 2020. The latter aims to provide conclusion on the treatment of materials delivered on site but not yet installed in measuring performance obligation in accordance with PFRS 15, *Revenue from Contracts with Customers* in the real estate industry.

The adoption of this PIC Q&A did not impact the consolidated financial statements of the Group since it does not engage in supply contracts with suppliers for the provision and installation of materials.

- *Adoption of PIC Q&A 2018-14, Accounting for Cancellation of Real Estate Sales (as amended by PIC Q&A 2021-05)*

On June 27, 2018, PIC Q&A 2018-14 was issued providing guidance on accounting for cancellation of real estate sales. Under SEC MC No. 3-2019, the adoption of PIC Q&A No. 2018-14 was deferred until December 31, 2020. After the deferral period, real estate companies will adopt PIC Q&A No. 2018-14 and any subsequent amendments thereto retrospectively or as the SEC will later prescribe.

On November 11, 2020, PIC Q&A 2020-05 was issued which supersedes PIC Q&A 2018-14. This PIC Q&A adds a new approach where the cancellation is accounted for as a modification of the contract (i.e., from non-cancellable to being cancellable). Under this approach, revenues and related costs previously recognized shall be reversed in the period of cancellation and the inventory shall be

reinstated at cost. PIC Q&A 2020-05 will have to be applied prospectively from approval date of the Financial Reporting Standards Council which was November 11, 2020.

The adoption of this PIC Q&A as of January 1, 2021 did not impact the consolidated financial statements of the Group. As the Group has been reporting repossessed inventories as allowed under approach 3, there is no change in accounting upon adoption of the PIC Q&A.

Deferred Effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial Reporting Standards Council deferred the original effective date of January 1, 2016 of the said amendments until the IASB completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

- *Deferral of Certain Provisions of PIC Q&A 2018-12, PFRS 15 Implementation Issues Affecting the Real Estate Industry (as amended by PIC Q&As 2020-02 and 2020-04)*

On February 14, 2018, the PIC issued PIC Q&A 2018-12 which provides guidance on some PFRS 15 implementation issues affecting the real estate industry. On October 25, 2018 and February 08, 2019, the SEC issued SEC MC No. 14-2018 and SEC MC No. 3-2019, respectively, providing relief to the real estate industry by deferring the application of certain provisions of this PIC Q&A for a period of three years until December 31, 2020. On December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020 which further extended the deferral of certain provisions of this PIC Q&A until December 31, 2023. A summary of the PIC Q&A provisions covered by the SEC deferral and the related deferral period follows:

	Deferral Period
a. Assessing if the transaction price includes a significant financing component as discussed in PIC Q&A 2018-12-D (as amended by PIC Q&A 2020-04)	Until December 31, 2023
b. Treatment of land in the determination of the POC discussed in PIC Q&A 2018-12-E	Until December 31, 2023

The SEC Memorandum Circulars also provided the mandatory disclosure requirements should an entity decide to avail of any relief. Disclosures should include:

- The accounting policies applied.
- Discussion of the deferral of the subject implementation issues in the PIC Q&A.
- Qualitative discussion of the impact on the financial statements had the concerned application guidelines in the PIC Q&A been adopted.
- Should any of the deferral options result into a change in accounting policy (e.g., when an entity excludes land and/or uninstalled materials in the POC calculation under the previous standard but opted to include such components under the relief provided by the circular), such accounting change will have to be accounted for under PAS 8, i.e., retrospectively, together with the corresponding required quantitative disclosures.

After the deferral period, real estate companies have an accounting policy option of applying either the full retrospective approach or modified retrospective approach as provided under SEC MC 8-2021. The Group availed of the SEC relief to defer the above specific provision of PIC Q&A No. 2018-12 on determining whether the transaction price includes a significant financing component. Had this provision been adopted, the mismatch between the POC of the real estate projects and right to an amount of consideration based on the schedule of payments provided for in the contract to sell might constitute a significant financing component. In case of the presence of significant financing component, the guidance should have been

applied retrospectively and would have resulted in restatement of prior year financial statements in case a full retrospective approach is applied. Depending on the approach of adoption, the adoption of this guidance would have impacted interest income, interest expense, revenue from real estate sales, contract assets, provision for deferred income tax, deferred tax asset or liability for all years presented (full retrospective approach), and the opening balance of retained earnings (full retrospective approach and modified retrospective approach). The Group has yet to assess if the mismatch constitutes a significant financing component for its contracts to sell. The above would have impacted the cash flows from operations and cash flows from financing activities for all years presented in case of a full retrospective approach. The Group has yet to decide on whether the adoption will be using a full retrospective or modified retrospective approach.

- Deferment of Implementation of *IFRIC Agenda Decision on Over Time Transfer of Constructed Goods* (IAS 23, *Borrowing Cost*) for the Real Estate Industry

In March 2019, IFRIC published an Agenda Decision on whether borrowing costs can be capitalized on real estate inventories that are under construction and for which the related revenue is/will be recognized over time under par. 35I of IFRS 15. IFRIC concluded that borrowing costs cannot be capitalized for such real estate inventories as they do not meet the definition of a qualifying asset under IAS 23 considering that these inventories are ready for their intended sale in their current condition.

The IFRIC agenda decision would change the Group's current practice of capitalizing borrowing costs on real estate projects with pre-selling activities.

On February 21, 2020, the Philippine SEC issued Memorandum Circular No. 4, Series of 2020, providing relief to the Real Estate Industry by deferring the mandatory implementation of the above IFRIC Agenda Decision until December 31, 2020. Further, on December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020, which extends the relief on the application of the IFRIC Agenda Decision provided to the Real Estate Industry until December 31, 2023.

Effective January 1, 2024, the Real Estate Industry will adopt the IFRIC agenda decision and any subsequent amendments thereto retrospectively or as the SEC will later prescribe. A real estate company may opt not to avail of the deferral and instead comply in full with the requirements of the IFRIC agenda decision.

For real estate companies that avail of the deferral, the SEC requires disclosure in the Notes to the Financial Statements of the accounting policies applied, a discussion of the deferral of the subject implementation issues, and a qualitative discussion of the impact in the financial statements had the IFRIC agenda decision been adopted.

The Group opted to avail of the relief as provided by the SEC. Had the Group adopted the IFRIC agenda decision, borrowing costs capitalized to real estate inventories related to projects with pre-selling activities should have been expensed out in the period incurred. This adjustment should have been applied retrospectively and would have resulted to restatement of prior year financial statements. A restatement would have impacted interest expense, cost of sales, provision for deferred income tax, real estate inventories, deferred tax liability and opening balance of retained earnings. The above would have impacted the cash flows from operations and cash flows from financing activities for all years presented in case of a full retrospective approach. The Group has yet to decide on whether the adoption will be using a full retrospective or modified retrospective approach.

3. Goodwill

Goodwill arising from business combinations in the Group's consolidated statements of financial position as of March 31, 2022 and December 31, 2021 consists of (amounts in thousands):

Festival Supermall structure	₱3,745,945
FAC	494,744
CPI	326,553
	<u>₱4,567,242</u>

As of March 31, 2022 and December 31, 2021, the recoverable value of the cash generating units to which the goodwill pertains is in excess of the carrying value of the cash generating units, thus, no impairment has been recognized. There are no events that have occurred and circumstances that have changed since December 31, 2021 which would indicate that an impairment indicator exists as of March 31, 2022.

4. Segment Reporting

For management purposes, the Group is organized into the following segments:

Real Estate

This involves the acquisition of land, planning and development of large-scale, fully integrated residential communities, as well as the development and sale of residential lots, housing units, medium-rise residential buildings, farm estates, industrial parks, residential resort projects, a private membership club and condominium buildings.

Leasing

This involves the operations of Festival Supermall, Fora Tagaytay, Centro Square and Il Corso, including its management and theater operations, and the leasing of commercial and office spaces in Makati City, Muntinlupa City, Pasay City, Bacoar City, Tagaytay City, Cebu City and Clark.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Performance of each segment is evaluated based on their profit and loss or net income.

The chief operating decision-maker of the Group is the Executive Committee. The committee reviews internal reports to assess performance and allocate resources. Based on the reports, it is also able to determine both the operating and non-operating segments. Reporting by geographical segments does not apply as the Group currently operates in the Philippines only.

No operating segments have been aggregated to form the above reportable segments. Transfer prices between segments are based on rates agreed upon by the parties and have terms equivalent to transactions entered with third parties.

For the period ended March 31, 2022 and 2021, there were no revenue transactions with a single external customer which accounted for 10% or more of the consolidated revenue from external customers.

The information about the financial position and result of operations of these business segments for the period ended March 31, 2022 and 2021 are summarized below.

Seasonality

Except for the significant impact of COVID-19 pandemic to the Company's operations starting March 2021, there were no other trends, events or uncertainties that have had or that are reasonably expected to have a material impact on net sales or revenues or income from operations.

The following table shows a reconciliation of the adjusted earnings before interest and other finance charges, income taxes, depreciation, and amortization (EBITDA) to income before income tax in the consolidated statement of income. Adjusted EBITDA is the Group's EBITDA adjusted by the equity in net earnings from associates for the period:

	March 31, 2022 (Unaudited)	March 31, 2021 (Unaudited)
	(In Thousands)	
Adjusted EBITDA	₱1,880,906	₱1,949,745

5. Revenue from Contracts with Customers

Disaggregated Revenue Information

The Group's disaggregation of each source of revenue from contracts with customers are presented below:

	March 31 2022 (Unaudited)	March 31 2021 (Unaudited)
	(In Thousands)	
Real estate sales by market segment		
Medium income	₱1,752,080	₱1,698,367

Socialized	43,660	47,638
	2,690,559	2,464,878
Cinema operations by type of goods or services (included as part of rental and related services)		
Theater and snack bar sales	25,872	15,739
	25,872	15,739
Tenant dues		
Office leasing	286,406	320,152
Mall operations	82,850	79,116
	369,257	399,268
Total revenue from contracts with customers	3,085,688	2,879,884

Office leasing	866,800	1,123,614
Mall operations	191,885	155,640
	1,058,685	1,279,254
Total Revenue	₱4,144,373	₱4,159,138

The Group's real estate sales and theater sales are revenue from contracts with customers which are recognized over time while revenue from snack bar sales is recognized at a point in time. Market segments classification of projects in 2021 were updated to conform with the 2022 presentation.

As of March 31, 2022 contract balances are as follows:

	Current	Noncurrent	Total
	(In Thousands)		
Contract receivable	P5,120,933	P0	P5,120,933
Contract assets	4,407,468	4,380,909	8,788,378
Contract liabilities	1,214,659	752,193	1,966,852

As of December 31, 2021 contract balances are as follows:

	Current	Noncurrent	Total
	(In Thousands)		
Contract receivable	P5,337,931	P–	P5,337,931
Contract assets	4,177,819	4,152,756	8,330,575
Contract liabilities	1,171,384	774,212	1,945,596

Real estate sales contracts are collectible in equal monthly principal installments in varying periods of two (2) to ten (10) years. Interest rates per annum range from 11.5% to 19.0%. Titles to the residential units sold transferred to customers upon full payment of the contract price.

Contract assets represent the right to consideration for assets already delivered by the Group in excess of the amount recognized as contracts receivable. Contract assets is reclassified to contracts receivable when monthly amortization of customer is due for collection.

Contract liabilities consist of collections from real estate customers which have not reached the equity threshold to qualify for revenue recognition and excess of collections over the good and services transferred based on percentage of completion. The movement in contract liability arise mainly from revenue recognition of completed performance obligations.

Rental agreements

The Group entered into lease agreements for its mall retail spaces and office spaces with the following identified performance obligations: (a) lease of space (b) provisioning of water and electricity and (c) provision of air conditioning and CUSA services (d) administration fee.

Revenue from lease of space is recognized on a straight-line basis over the lease term while revenue for the remaining performance obligations is recognized when services are rendered. The tenant is required to settle within 7 to 20 days upon receipt of the bill. In case of delay in payments, a penalty of 3% to 36% per annum is charged for the amount due for the duration of delay. The lease arrangement would typically require a tenant to pay advance rental equivalent to three (3) months and a security deposit equivalent to three (3) months rental to cover any breakages after the rental period, with the excess returned to the tenant.

In line with the rental relief framework implemented by the government to support businesses and the broader economy due to the impact of COVID-19, the Group waived its right to collect rent and other charges as part of lease concessions it granted to lessees. Rent discounts and concessions given vary for merchants that are (1) allowed to operate during community quarantine and operational (2) allowed to operate during community quarantine but not operational (3) not allowed to operate during community quarantine.

6. Cash and Cash Equivalents

This account consists of:

	March 31 2022 (Unaudited)	December 31 2021 (Audited)
	(In Thousands)	
Cash	P5,911,016	P6,443,411
Cash equivalents	4,008,530	3,214,849
	P9,919,546	P9,658,260

Cash includes cash on hand and in banks. Cash in bank earns interest at the prevailing bank deposit rates. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash with original maturities of three (3) months or less from dates of placement and are subject to an insignificant risk of change in value.

Interest income earned on the Group's cash and cash equivalents amounted to P15.48 million and P6.99 million as at March 31, 2022 and 2021, respectively (see Note 22).

There is no restriction on the Group's cash and cash equivalents as at March 31, 2022 and December 31, 2021.

7. Contracts Receivable

This account consists of:

	March 31 2022 (Unaudited)	December 31 2021 (Audited)
	(In Thousands)	
Contracts receivable	P4,910,899	P5,133,740
Receivables from government and financial institutions	210,034	204,191
	P5,120,933	P5,337,931

Real estate sales contracts are collectible over varying periods within two (2) to ten (10) years. The receivables arising from real estate sales are collateralized by the corresponding real estate properties sold. The Group records any excess of progress work over the right to an amount of consideration that is unconditional (i.e., contracts receivable) as contract assets.

Receivables from government and financial institutions pertain to government and bank-financed real estate sales. Receivables from government and financial institutions are collectible within one year.

Interest income recognized on contracts receivable amounted to P61.29 million and P355.06 million for the Three months ended March 31, 2022 and 2021, respectively (see Note 22). Interest rates per annum on contracts receivable range from 11.5% to 19.0% for these periods.

The Group has a mortgage insurance contract with Philippine Guarantee Corporation (then, Home Guaranty Corporation), a government insurance company for a retail guaranty line. As of March 31, 2022 and December 31, 2021, the contracts (comprise of both contract receivables and contract assets) covered by the guaranty line amounted to P1.57 billion and P1.57 billion, respectively. As of March 31, 2022 and December 31, 2021, the remaining unutilized guaranty line amounted to P2.04 billion and P2.04 billion, respectively.

As of March 31, 2022 and December 31, 2021, no impairment losses were recognized from contracts receivables.

12. Leases

Group as lessee

The Group has lease contracts for land. The Group's obligations under its leases are secured by the lessor's title to the leased assets. The Group has entered land lease arrangements with lease terms of between 25 and 50 years. There are several leases that include extension option to lease the assets for additional 25 years based on mutual agreement of the parties.

Borrowing costs capitalized as part of investment properties amounted to P203.5 million and P856.96 million as of March 31, 2022 and December 31, 2021, respectively. Capitalization rate used is 0.28% to 0.91% for the Three months ended March 31, 2022 and 1.17% to 3.85% for the year ended December 31, 2021.

Investment properties in San Mateo, Rizal were reclassified to property and equipment due to change in use in 2022.

As of March 31, 2022 and December 31, 2021, on account additions to investment properties which remain outstanding amounted to P1.84 billion and P1.33 billion, respectively, and these are recognized as part of “Accounts payable and accrued expense” (see Note 16).

The aggregate fair value of the Group’s investment properties amounted to P203.28 billion based on third party appraisals performed for certain assets in 2022 by an SEC accredited independent appraiser and management appraisal updated using current and period-end values and assumptions. The fair value of investment properties was determined using the Income Approach based on discounted cash flow analysis for completed buildings, Residual Approach for buildings under construction and Market Approach for land.

Under the Income Approach, all expected cash flow from the use of the assets were projected and discounted using the appropriate discount rate reflective of the market expectations. The Residual Approach is based on the Income Approach after consideration of the estimated cost to complete. The valuation of investment property is categorized as Level 3 in the fair value hierarchy since valuation is based on unobservable inputs. The significant unobservable inputs used in the valuation pertains to lease income growth rate and discount rate.

Market data approach provides an indication of value by comparing the subject asset with identical or similar assets for which price information is available. This approach was used for the land as it is commonly used in the property market since inputs and data for this approach are available. For market data approach, the higher the rise per sqm., the higher the fair value. The significant unobservable inputs to valuation of the land is the price per square meter ranging from P46,000 to P275,000.

The Group has contractual commitments and obligations for the construction and development costs to be incurred for investment properties and property and equipment items aggregating P3,332 million and P4,105 million as of March 31, 2022 and December 31, 2021, respectively. These will be recognized as liabilities in the Group’s consolidated financial statements when the related services are received.

	March 31, 2022	December 31, 2021
	(Unaudited)	(Audited)
	(In Thousands)	
Developmental loans from local banks	P34,094,475	P32,299,195
Less unamortized transaction costs	115,065	116,452
	33,979,410	32,182,744
Less current portion of loans payable	6,604,566	4,912,198
Long-term portion of loans payable	P27,374,844	P27,270,545

Developmental loans from local banks have floating or fixed interest rates at different terms and repayment periods. Additional bank loans availed by the Group in 2022 amounted to P3.63 billion net of debt issuance cost amounting to P8.57 million. Principal payments made in 2022 amounted to P1.84 billion.

As of March 31, 2022, short-term loans payable, presented under current portion of loans payable amounted to P2.73 billion.

Interest incurred on these loans (gross of related capitalized borrowing costs) amounted to P404.14 million and P495.41 million for the Three months ended March 31, 2022 and 2021, respectively.

Amortization of transaction costs amounted to P9.92 million and P9.39 million for the Three months ended March 31, 2022 and 2021, respectively, and included under "Interest and other financing charges" (see Note 22). The Group's loans payable are unsecured and no assets are held as collateral for these debts. The agreements covering the abovementioned bank loans require maintaining certain financial ratios including debt-to-equity ratio ranging from 2.0x to 3.1x and minimum interest coverage ratio of 1.0x.

The agreements also provide for restrictions and requirements with respect to, among others, making distribution on its share capital; purchase, redemption or acquisition of any share of stock if it would materially and adversely affect the Group's ability to perform its obligations; sale or transfer and disposal of all or a substantial part of its capital assets other than in the ordinary course of business; restrictions on use of funds other than the purpose it was approved for; and entering into any partnership, merger, consolidation or reorganization except in the ordinary course of business and except when the Group maintains controlling interest.

As of March 31, 2022 and December 31, 2021, the Group complied with these contractual agreements and has not been cited in default on its outstanding loan obligations.

18. Bonds Payable

The Group also paid dividends amounting ₱42.4 million for dividends in arrears for preferred shareholders.

On April 22, 2019, the BOD approved the declaration and payment of cash dividend of ₱0.0619 per share or total of ₱1.50 billion for all shareholders of record as of May 22, 2019. The Group has remaining unpaid cash dividend amounting to ₱18.65 million as of December 31, 2019.

Capital Management

The Group monitors its capital and cash positions and manages its expenditures and disbursements. Furthermore, the Group may also, from time to time seek other sources of funding, which may include debt or equity issues depending on its financing needs and market conditions.

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize shareholder value and ensure compliance with debt covenants. No changes were made in capital management objectives, policies or processes for the periods ended March 31, 2022 and December 31, 2021.

The Group monitors capital using debt-to-equity ratio, which is the interest-bearing debt (loans payable and bonds payable) divided by total equity. The Group's policy is to keep the debt-to-equity ratio not to exceed 2:1. The following table shows how the Group computes for its debt-to-equity ratio:

On March 26, 2022, President Rodrigo Duterte signed into law the Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act to attract more investments and maintain fiscal prudence and stability in the

Philippines. Republic Act (RA) 11534 or the CREATE Act introduces reforms to the corporate income tax and incentives systems. It takes effect 15 days after its complete publication in the Official Gazette or in a newspaper of general circulation or April 11, 2022.

The following are the key changes to the Philippine tax law pursuant to the CREATE Act which have an impact on the Group:

- Effective July 1, 2021, regular corporate income tax (RCIT) rate is reduced from 30% to 25% for domestic and resident foreign corporations. For domestic corporations with net taxable income not exceeding P5 million and with total assets not exceeding P100 million (excluding land on which the business entity's office, plant and equipment are situated) during the taxable year, the RCIT rate is reduced to 20%.
- Minimum corporate income tax (MCIT) rate reduced from 2% to 1% of gross income effective July 1, 2021 to March 31, 2023.
- For investments prior to effectivity of CREATE:
 - i. Registered business enterprises (RBEs) granted only an ITH – can continue with the availment of the ITH for the remaining period of the ITH.
 - ii. RBEs granted an ITH followed 5% GIT or are currently enjoying 5% GIT – allowed to avail of the 5% GIT for 10 years.

As a result of reduction in RCIT rate, the provision for current income tax for the year ended December 31, 2021 and income tax payable as of December 31, 2021 decreased by P8.1 million. In addition, the provision for deferred tax for the year then ended December 31, 2021 decreased by P55.5 million and deferred tax liabilities decreased by P1.13 billion as of December 31, 2021. For financial reporting purposes, these changes are recognized in the interim condensed consolidated financial statements as of and for the Three months ended March 31, 2022 in accordance with PIC Q&A 2021-07, Accounting for the Proposed Changes in Income Tax Rates under the CREATE bill dated January 27, 2022.

As of March 31, 2022, provision for current income tax and deferred tax are recognized based on the effective income tax rate of 25%.

24. Financial Risk Exposures

The Group's principal financial instruments are composed of cash and cash equivalents, contracts, and other receivables, due from related parties, financial assets at FVTOCI, accounts payable and accrued expenses, due to related parties and long-term debt (loans payable and bonds payable). The main purpose of these financial instruments is to raise financing for the Group's operations.

The main objectives of the Group's financial risk management are as follows:

- To identify and monitor such risks on an ongoing basis.
- To minimize and mitigate such risks; and,
- To provide a degree of certainty about costs.

The Group's finance and treasury functions operate as a centralized service for managing financial risks and activities, as well as providing optimum investment yield and cost-efficient funding for the Group. The Group's BOD reviews and approves the policies for managing each of these risks. The policies are not intended to eliminate risk but to manage it in such a way that opportunities to create value for the stakeholders are achieved. The Group's risk management takes place in the context of the normal business processes such as strategic planning, business planning, operational and support processes.

The main risks arising from the Group's financial instruments are liquidity risk, credit risk and interest rate risk. The Group also monitors the foreign currency risk arising from all financial instruments.

Liquidity Risk

Liquidity risk is defined as the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

The Group seeks to manage its liquidity profile to be able to finance capital expenditures and service maturing debts. To cover its financing requirements, the Group uses a combination of internally generated funds and available long-term and short-term credit facilities.

As part of its liquidity risk management, the Group regularly evaluates its projected and actual cash flows. It also continuously assesses conditions in the financial markets for opportunities to pursue fund raising activities in case any requirements arise. Fund raising activities may include bank loans and capital market issues.

Under the current financial scenario, it is cheaper for the Group to finance its projects by drawing on its bank lines, tapping the local bond market and/or by rediscounting part of its receivables, to complement the Group's internal cash generation.

Credit Risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities, primarily for its contract receivables and other receivables.

Credit risk is managed since the titles of the properties sold are retained by the Group until installment receivables are fully collected and the fair values of these properties held as collateral are sufficient to cover the carrying values of the installment contract receivable.

It is the Group's policy that buyers who wish to avail the in-house financing scheme be subjected to credit verification procedures. Receivable balances are being monitored on a regular basis and subjected to appropriate actions to manage credit risk. Moreover, the Group has a mortgage insurance contract with Home Guaranty Corporation for a retail guaranty line.

With respect to credit risk arising from the other financial assets of the Group, which comprise cash and cash equivalents and financial assets at FVTOCI, the Group's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments.

Set out below is the information about the credit risk exposure on the Group's contract receivables and contract assets using a provision matrix:

March 31, 2022 (Unaudited)						
	Total	Socialized	Low Affordable	Affordable	Middle Income	High-end
(In Thousands)						
Expected credit loss rate	0%	0%	0%	0%	0%	0%

The Group has outstanding purchase agreements with financial institutions whereby the Group sold its contracts receivable with a provision that the Group should buy back these receivables in case these become overdue for two to three consecutive months or when the contract to sell has been cancelled.

Based on the Group's experience, the said assets are highly collectible or collectible on demand. The Group holds as collaterals the corresponding properties which the third parties had bought on credit. In few cases of buyer defaults, the Group can repossess the collateralized properties and resell them at the prevailing market price.

All financial assets are of high-grade credit quality. Based on the Group's experience, these assets are highly collectible or collectible on demand. The Group holds as collaterals for its installment contract receivables the corresponding properties, which the third parties purchased in installments.

As at March 31, 2022 and December 31, 2021, the analysis of contracts receivable that were past due but not impaired is as follows:

	Past due but not impaired					Total
	Less than 30 days	30 to 60 days	61 days to 90 days	91 days to 120 days	Over 120 days	
	(In Thousands)					
March 31, 2022	P433,975	P332,940	P489,544	P273,917	P3,380,522	P4,910,899

Interest Rate Risk

The Group's exposure to market risk for changes in interest rates relates primarily to the Group's loans from various financial institutions which carry floating interest rates. The Group regularly keeps track of the movements in interest rates and the factors influencing them.

Of the total P38.97 billion loans outstanding as of March 31, 2022, P5.08 billion are on floating rate basis. The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, or the Group's annualized profit before tax through the impact on floating rate borrowings.

	Increase (decrease) in basis points	Effect on annualized income before income tax (In Thousands)
March 31, 2022	+200	P37,286
	-200	(37,286)

Financial Instruments

The Company's principal financial instruments are composed of cash and cash equivalents, contract receivables, other receivables and long-term debt. The Company does not have any complex financial instruments like derivatives.

Comparative Fair Values of Principal Financial Instrument (In Thousands of Pesos)

	March 31, 2022 (Unaudited)		December 31, 2021 (Audited)	
	Carrying Values	Fair Values	Carrying Values	Fair Values
	(In Thousands)			
Cash and cash equivalents	P9,919,546	P9,919,546	P9,658,260	P9,658,260
Contracts receivables	5,120,933	5,120,933	5,337,931	5,337,931
Other receivables	3,016,455	3,016,455	2,719,515	2,719,515
Accounts payable and other accrued expenses	22,652,715	21,795,242	20,678,288	19,885,823
Long-term debt	70,287,763	68,228,393	68,471,666	64,637,575

Due to the short-term nature of cash and cash equivalents, contracts receivables, other receivables and due to related parties, the fair value approximates the carrying amounts.

The Group categorizes the accounts payable and accrued expenses and long-term debt under Level 3.

Accounts payable and accrued expenses: On accounts due within one year, the fair value of accounts payable and accrued expenses approximates the carrying amounts. On accounts due for more than a year, estimated fair value is based on the discounted value of future cash flows using the prevailing interest rates on loans and similar types of payables as of the reporting date. Interest rates used was 4.28% as of March 31, 2022 and December 31, 2021.

Long-term debt (lease liabilities, loans payable and bonds payable): The estimated fair value of long-term debts with fixed interest and not subjected to quarterly re-pricing is based on the discounted value of future

cash flows using the applicable risk-free rates for similar type of loans adjusted for credit risk. Long-term debt subjected to quarterly re-pricing is not discounted since its carrying value approximates fair value. The discount rates used range from 2.88% to 6.51% and 3.80% to 6.50% as of March 31, 2022 and December 31, 2021, respectively.

Investment in foreign securities

The Group does not have any investment in foreign securities.

There were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements for the Three months ended March 31, 2022 and the year ended December 31, 2021.

25. EPS Computation

Basic/diluted EPS is computed as follows:

	March 31, 2022 (Unaudited)	March 31, 2021 (Unaudited)
(In Thousands, Except per Share Data)

Earnings Per Share (a/b)	P0.03	P0.03

**There was no declaration of dividends yet for preferred shareholders as of end of the period..*

There were no potential dilutive shares for the three months ended March 31, 2022 and 2021.

26. Related Party Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party in making financial and operating decisions or the parties are subject to common control of the Group's ultimate parent company (referred herein as "Affiliates"). Related parties may be individuals or corporate entities.

All material Related Party Transactions ("RPT") with a transaction value that reaches ten percent (10%) of the Group's total consolidated assets shall be subject to the review by the RPT Committee.

Transactions that were entered into with an unrelated party that subsequently becomes a related party shall be excluded from the limits and approval of the Policy on Related Party Transactions ("Policy"). However, any renewal, change in the terms and conditions or increase in exposure level, related to these transactions after a non-related party becomes a related party, shall subject it to the provisions of the Policy.

In the event wherein there are changes in the RPT classification from non-material to material, the material RPT shall be subject to the provisions of the Policy.

Outstanding balances at year-end are unsecured, interest free and require settlement in cash, unless otherwise stated. The transactions are made at terms and prices agreed upon by the parties. As of March 31, 2022 and December 31, 2021, the Group has not made any provision for impairment loss relating to amounts owed by related parties. This assessment is undertaken each financial year by examining the financial position of the related party and the market in which the related party operates.

Composition of amounts due/to from related parties follow:

	March 31, 2022	December 31, 2021
	(In Thousands)	
Due from related parties:

Other affiliates (e, g)	(22,066)	(71,982)
	(P232,065)	(P204,317)

The level of volume of transactions and terms and conditions of the transactions are generally consistent as in prior year unless otherwise stated.

a. Transactions with bank under common control of the ultimate parent (EW)

On January 3, 2012, the Group entered into a Receivable Purchase Agreement with East West Banking Corporation (EW), an entity under common control of the ultimate parent. The Group agreed to sell, assign, transfer and convey to EW all of its rights, titles and interest on certain contracts receivables. The contracts receivables sold to EW will be serviced by the Group under an Accounts Servicing Agreement.

Under this agreement, the Group shall be responsible for the monitoring and collection of contracts receivables sold to EW, including safekeeping of the collections in trust until these are remitted to EW, 10 days after the beginning of each month.

For the performance of the said services, the Group charges EW a service fee equivalent to a certain percentage of the amounts actually received and collected. Although the Group retains the contractual rights to receive cash flows from the contract receivables sold to EW, the same will be subsequently distributed to EW under a “pass-through arrangement”.

In this transaction, the risk of default and non-payment of buyers of contracts receivable is assumed by EW and the Group has no liability to EW for such events. Due to this, the Group derecognized the contracts receivables sold and did not recognize any liability in its consolidated financial statements. There was no sale of contracts receivable for the Three months ended March 31, 2022 and year ended December 31, 2021

The Group’s plan assets in the form of cash equivalents amounting to P45.24 million as of March 31, 2022 and as of December 31, 2021 are maintained with EW. The Group also maintains cash and cash equivalents with EW. As of March 31, 2022 and December 31 2021, cash and cash equivalents with EW amounted to P5.32 billion and P6.13 billion, respectively. As of March 31, 2022 and December 31, 2021, amounts payable to EW related the purchase of land in 2018 amounted to P2.38 billion and P2.37 billion, respectively, and presented as part of Accounts Payable (see Note 16).

b. Transactions with Ultimate Parent (ALG)

Transactions with the Group’s ultimate parent company relates to sharing of common expenses.

c. Transactions with Parent Company (FDC)

The Parent Company charged FDC certain common expenses paid by the Parent Company on its behalf.

In 2009, Promax was appointed by FDC as the marketing agent to act for and on behalf of FDC in promoting the marketing and sale of the Beaufort project. Accordingly, FDC pays Promax a marketing fee equivalent to a certain percentage of the net selling price

d. *Transactions with Associates*

Dividend Declarations

On April 22, 2022 the BOD approved the declaration and payment of cash dividend of ₱0.047 per share for all common shareholders of record as of May 11, 2022 and cash dividend of ₱0.0004 per share for all preferred shareholders of record as of May 11, 2022.

28. Significant Accounting Judgments, Estimates and Assumptions

The preparation of the Group's interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosures of contingent liabilities. However, uncertainty about these assumptions could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group also included, as one of its main considerations, the impact of the continuing impact of COVID-19 pandemic in making significant judgments and assumptions.

The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Judgments, key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period are consistent with those applied in the most recent annual audited consolidated financial statements

Item 2. Management's Discussion and Analyses of Financial Condition and Results of Operations

Results of operations for the three months ended March 31, 2022 compared to three months ended March 31, 2021

For the quarter ended March 31, 2022, FLI's net income from its business segments registered an increase of ₱59.32 million or 7.69%, from ₱771.58 million in to ₱830.90 million in primarily due to lower operating expenses for the period.

Revenues and other income

Total consolidated revenues and other income decreased by ₱38.43 million or 0.88% year-on-year from ₱4,345.90 million in 2021 to ₱4,307.47 million in 2022 primarily due to lower revenues generated from leasing business tempered by increased real estate sales revenues from residential business.

Real estate sales grew by ₱225.68 million or by 9.16% compared to prior year, from ₱2,464.88 million in 2021 to ₱2,690.56 million in 2022 primarily attributed to higher construction percentage of completion achieved during the period. Real estate sales booked during the year broken down by product type are as follows: Medium Income 65.1% (inclusive of MRB and HRB); Affordable and low affordable 22.5%; High-End and Others 10.8%; Socialized 1.6%.

Rental and related services decreased by ₱240.45 million or by 14.19% vs. last year, from ₱1,694.26 million in 2021 to ₱1,453.81 million in 2022 mainly due to decline in office leasing revenues as a result of lower occupancy caused by the pre-termination of leases from POGO tenants.

Equity in net earnings of an associate increased by ₱5.58 million or by 46.13% year-on-year from ₱12.10 million in 2021 to ₱17.68 million in 2022 due to higher net income reported by FAI.

Interest income decreased by ₱21.25 million or by 20.20% compared to prior year from ₱105.21 million in 2021 to ₱83.96 million in 2022 due to lower interest income derived from installment contract receivables for in-house financing scheme.

Other income diminished by ₱7.99 million or by 11.51% vs. last year from ₱69.45 million in 2021 to ₱61.46 million in 2022 due to lower income generated from processing fees.

Costs and Expenses

Cost of real estate sales increased by ₱89.43 million or by 6.18%, year-on-year from ₱1,446.56 million in 2021 to ₱1,535.99 million in 2022 due to higher real estate revenues realized for the 1st quarter of the year.

Cost of rental services decreased by ₱35.24 million or by 6.10% compared to prior year from ₱578.29 million in 2021 to ₱543.04 million in 2022 due to lower direct operating expenses for the period.

General and administrative expenses decreased by ₱8.73 million or by 1.90% vs. last year from ₱460.45 million in 2021 to ₱451.73 million in 2022 primarily due to lower depreciation and taxes tempered by increased outside services and repairs and maintenance expenses for the managed projects.

Selling & marketing expenses declined by ₱22.03 million or by 8.68% year-on-year from ₱253.85 million in 2021 to ₱231.81 million in 2022 due to lower sales-related advertisement and promotional expenses.

Interest and other finance charges

Interest and other finance charges decreased by ₱190.80 million or by 26.26% compared to prior year from ₱726.44 million in 2021 to ₱535.65 million in 2022 due to lower borrowing costs incurred coupled with higher capitalized interest during the year.

Provision for Income Tax

Total provision for income tax increased by ₱69.63 million or 64.05% vs. last year from ₱108.72 million in 2021 to ₱178.35 million in 2022 primarily due to higher taxable income for the period.

There are no significant elements of income or loss that did not arise from the Company's continuing operations.

Financial Condition as of March 31, 2022 compared to as of December 31, 2021

As of March 31, 2022, FLI's total consolidated assets stood at ₱198.82 billion from the ₱193.22 billion balance as of December 31, 2021, increased by ₱5.60 billion or by 2.90%. The following are the material changes in account balances:

1.76% Overall Increase in Contract Receivables and Contract Assets

(a) 4.07% decrease in contract receivables

- Mainly due to completion of residential projects where the receivables become due and demandable. These include customers granted with extended payments in 2021 in support to "Bayanihan" Act.

(b) 5.50% increase in contract assets (5.50% increase in contract assets – current portion; 5.49% increase in contract assets – net of current portion)

- Mainly due to increased project completion of residential developments

11.29% Increase in Other receivables

Mainly due to increase in receivables from tenants and related parties.

18.04% Increase in Other Current assets

Mainly due to increase in input taxes, creditable withholding taxes and prepaid real property taxes

173.45% Increase in Deferred Tax Assets

Mainly due to increased advance rentals.

8.57% Increase in Property and Equipment

Mainly due to acquisition of construction-related assets.

9.55% Overall Increase in Accounts Payable and Accrued Expenses

2.95% increase in Accounts Payable and Accrued Expenses – current portion; 18.22% increase in Accounts Payable and Accrued Expenses – net of current portion

Mainly due to additional trade payables to contractors, vendors and suppliers

13.58% Increase in Due to related parties

Mostly due to unpaid service fees and shared operational expenses to SPI.

122.21% Increase in Income tax payable

Primarily due to the higher taxable income for the period.

13.22% Increase in Deferred Tax Liabilities

Mainly due to temporary differences brought about by capitalized interests

0.78% Increase in Total equity attributable to equity holders

Mainly due to share in net income for the period.

7.4% Increase in Non-controlling interests

Largely due to net income after tax share of minority interests primarily for FILRT. FILRT public float is at 35% and nil as of March 31, 2022 and 2021, respectively.

Material Changes in Liquidity and Cash Reserves for the three-month period ended March 31, 2022 versus March 31, 2021

FLI Group registered a net cash inflow of ₱0.26 billion for the three months ended March 31, 2022 mainly from net cash inflows from financing activities mainly coming from loans proceeds netted by payments of interests and net debt repayments. This was coupled by net cash inflows from operating activities tempered by net cash used from investing activities,

Operating activities for the period ended at ₱0.96 billion net cash inflow from ₱1.29 billion net inflow in the same period last year due to lower changes in working capital, and higher net interest expense and income taxes.

Investing activities used ₱1.59 billion cash during the period versus a ₱1.84 billion in the same period last year mainly from investment properties and property and equipment.

Financing activities provided ₱0.89 billion net cash primarily coming from loans proceeds of ₱13.63 billion netted by loan and interest payments.

Net increase in cash and cash equivalents as of March 31, 2022 resulted to ₱9.92 billion which is ₱5.25 billion higher than ₱4.67 billion for the three months ended March 31, 2021.

Item 3. Business Development / New Projects

Since its incorporation, the Parent Company has invested in properties situated in what the Parent Company believes are prime locations across the Philippines for existing and future housing and land development projects. It is important for the Parent Company to have access to a steady supply of land for future projects. In addition to directly acquiring land for future projects, the Parent Company has also adopted a strategy of entering joint venture arrangements with landowners for the development of raw land into future project sites for housing and land development projects. This allows FLI to reduce its capital expenditures for land and substantially reduces the financial holding costs resulting from owning land for development.

Under the joint venture agreements, the joint venture partner contributes the land free from any lien, encumbrance, tenants or informal settlers and the Parent Company undertakes the development and marketing of the products. The joint venture partner is allocated either the developed lots or the proceeds from the sales of the units based on pre-agreed distribution ratio.

Potential land acquisitions and participation in joint venture projects are evaluated against several criteria, including the attractiveness of the acquisition price relative to the market, the suitability or the technical feasibility of the planned development. The Parent Company identifies land acquisitions and joint venture opportunities through active search and referrals.

As of March 31, 2022, the Parent Company had a land bank of approximately 1,851 hectares of raw land for the development of its various projects, including approximately 201 hectares of land under joint venture agreements, which the Parent Company's management believes is sufficient to sustain several years of development and sales.

Details of the Parent Company's raw land inventory for its residential business as of March 31, 2022 are set out in the table below:

City di Mare

Inspired by the world's best-loved coastal cities, City di Mare, or "City by the Sea", spans across 50.6 hectares at Cebu's South Road Properties.

It is a master-planned development composed of different zones catering to a wide array of lifestyles and activities - Il Corso, the 10.6-hectare waterfront lifestyle strip; the 40-hectare residential clusters; and The Piazza, nestled at the heart of the residential enclaves puts lifestyle essentials such as school, church, shops, and restaurants within the neighborhood. City di Mare is envisioned to be a destination in itself, takes full advantage of the coastal ambience featuring seaside shopping, dining, beach and water sports and more, right by the water's edge.

The 10.6-hectare retail development known as Il Corso shall have a gross leasable area of approximately 32,000 square meters. City di Mare has four resort-themed residential enclaves inspired by world-class resorts, with each 10-hectare development flaunting a distinct architectural character. With over 65% of the property allocated for wide, open areas and landscaped greens, City di Mare provides the generous amenity of breathing space and a refreshing dose of nature throughout the site. Residences are spread out over the sprawling development, maximizing the abundant sunlight and allowing the invigorating sea air to circulate freely.

SRP 2

In July 2015, FLI, CPI and FAI (collectively referred to as "Filinvest Consortium") won the bidding for a 19.20-hectare lot in Cebu's SRP. Thereafter, on August 7, 2015, Filinvest Consortium entered a Deed of Sale on Installment (DSI) with the Cebu City Government. In a letter dated January 6, 2017, the Cebu City Mayor questioned the validity of the sale and gave the buyers the option to withdraw from the sale at buyer's discretion. In a letter to the Cebu City Mayor dated February 7, 2017 (the Letter), Filinvest Consortium expressed its intention to rescind the DSI. Under the DSI, Cebu City undertook to comply with several covenants, undertakings, and obligations no later than February 7, 2016 (or 180 days from execution of the DSI). The Letter pointed out that as of February 7, 2017, the said covenants, undertakings, and obligations have not been complied with and it does not appear that these will be complied with within a foreseeable reasonable period.

The rescission of the DSI shall only take effect upon return by Cebu City of the down payment and installment payments made to Cebu City by Filinvest Consortium, plus interests, within ninety (90) days from receipt of the Letter in accordance with Section 5.7 of the DSI. Pending receipt of such payments, the DSI shall remain valid and subsisting by and among the parties.

The 19.2-hectare property mentioned above is a separate property from the other two (2) properties within the SRP which were acquired from Cebu City: a) the 40-hectare property under a joint venture undertaking with Cebu City; and b) the 10-hectare property which was already paid in full by FLI to Cebu City.

On August 2, 2021, Filinvest Consortium informed Cebu City that the payments will be judicially consigned in accordance with law considering that to date, Cebu City has not yet returned the payments with interest, thus, the conditional rescission has already expired. In response, Cebu City issued a letter dated October 4, 2021 to FLI Consortium and insisted that the latter has no longer any debt to Filinvest Consortium as the DSI was effectively rescinded. Cebu City reiterates its willingness to reconstitute the Filinvest Consortium of the amount it has already paid prior the rescission.

The Cebu City Government and Filinvest Consortium came to a resolution on January 8, 2022 with the full payment and the signing of the Deed of Absolute Sale. The Filinvest Consortium paid on December 17, 2021 the full amount of the purchase price of the lot plus the accumulated interest for the unpaid installments since 2017. Accordingly, the matter has been resolved.

On October 7, 2020, Filinvest Consortium sold a portion of its property by reducing the area to 16.2 hectares. Prior to sale, Filinvest Consortium have secured a Letter of No Objection (“LONO”) from the Executive Department of the City for the sale of the property

Pampanga

Filinvest Mimosa, Inc., a company formed in 2016 by the consortium of Filinvest Development Corporation (FDC) and FLI as the winning bidder in the privatization of the former Mimosa Leisure Estate, has a lease agreement with Clark Development Corporation for a term of fifty (50) years, renewable for another twenty-five (25) years. Over this period, Filinvest Mimosa will develop, manage and operate the estate.

Tarlac

FLI signed a Joint Venture Agreement with the Bases Conversion and Development Authority (BCDA) for the development of the 288-hectare Filinvest at New Clark City in Tarlac. New Clark City is envisioned to be developed as the country's newest sustainable urban community and globally-competitive investment center that is smart, green and disaster-resilient. The industrial and logistics park is now currently being developed. The township will also have commercial and residential components.

With its 306-hectare development, the township offered three major communities such as Mission Hills, Highlands Pointe and Forest Farm interconnected by linkroad of Antipolo, Taytay and Angono Rizal. New developments in Havila are Mira Valley, Amarilyo Crest and Amarilyo Residences.

Timberland Heights, a sprawling 677-hectare premier mountain suburban township development located in the highest peaks of San Mateo, Rizal. It captures the essence of a mountain hideaway, a sporting and leisure paradise and a luxurious country resort in a premier township development.

Manna East, a 60-hectare modern Filipino themed affordable and middle-income community in Teresa, Rizal. Housing construction is ongoing for New Fields Phase 1 (launched Jan 2018). The construction of all amenity areas for New Fields Phase 1 is also expected to be completed by 3Q 2022. Land development is ongoing and expected to be completed in 3Q 2022 in Futura Plains (launched July 2019). FLI is currently planning the expansion for New Fields and is projecting to launch Phase 2 in 2Q 2022.

Negros Occidental

Palm Estates, 51-hectare township development designed to be a city within Talisay City. The first residential project was launched in the last quarter of 2016. Land Development for the first phase is complete and house construction is already on-going land development for the next phase will commence in 2022.

Residential Development

FLI will further grow its core residential real estate development business, which includes house and lots, MRBs and high-rise condominium units. Currently, FLI has the following high-rise condominium projects:

The Linear

The Linear, a master-planned residential and commercial hub in Makati City. Two (2) L-shaped towers, each twenty-four (24) storeys high, comprise this dynamic condominium community that perfectly caters to the needs of young urban professionals.

Studio City

Studio City is a community composed of a five-tower residential condominium complex within the Filinvest City to serve the demand for housing of the growing number of professionals working within Filinvest City and in the nearby Madrigal Business Park. The development consists of eighteen (18) storeys per building with commercial units at the ground floor. All residential floors will have twenty-five (25) studio units per floor. Studio Tower 5 is under construction.

The Levels

Located at one of the highest points of Filinvest City at around 23 meters above sea level, *The Levels* is a one-block, four (4)-tower residential condominium development that features laidback suburban living inside a fast-paced business district. The residential development is set in a tropical landscape, with four (4) towers uniquely designed with terracing levels, giving it a castle-effect look. The high-rise sections will be set in lush greenery, providing residents with views of the gardens. The second tower is currently under construction.

Studio N

Studio N is a 25-Storey development and is the latest addition to the studio series portfolio of Filinvest. This is located at the main business hub of Filinvest City.

The Levels, Studio City and Studio N are located within the Filinvest City, residents will enjoy proximity to Festival Supermall, Westgate Center, Northgate Cyberzone, Asian Hospital and Medical Center, and other commercial, educational, and medical institutions.

Vinia Residences

Vinia is a 25-storey condominium development located along EDSA in Quezon City, right across TriNoma and just steps away from the MRT-North Avenue station. With its coveted location, it offers a world of ease and convenience to yuppies and families looking for quality homes, as well as budding entrepreneurs who want to start a home-based business at the heart of the city. This is fully completed.

Studio Zen

Studio Zen is a 21-storey condominium development located along Taft Avenue in Metro Manila. Student-oriented amenities, Zen-inspired features, and functional building facilities makes it an ideal residence for students living independently and a great investment opportunity for entrepreneurs who want to take advantage of the ready rental market in the area. This is fully completed.

Studio A

Studio A is a single tower 34-storey hi-rise residential condominium located in Loyola Heights in Quezon City. A community conveniently situated near premier universities, the LRT 2 line and other commercial establishments. This is fully completed.

100 West

100 West is a single tower 38-storey high-rise commercial and residential condominium with office spaces located in Gen. Gil Puyat Avenue corner Washington St. in Makati City. 100 West is in the Makati Business District and accessible to both north and south of Metro Manila. This is fully completed.

Studio 7

Studio 7 is a mixed-use development that will have office and residential towers complemented with retail outlets, located in Quezon City along EDSA very close to the GMA-Kamuning MRT station. Studio 7 will have studios as well as one-bedroom residential units. This is under construction and about 95% complete.

Activa

Activa is a mixed-use development with residential, office, and retail components. It is entrenched in the heart of Quezon City's busiest and liveliest district, Cubao. Situated at the crossroads of two (2) of the metro's most vital thoroughfares. Activa connects to the north and south via EDSA, and to the east and west via Aurora Boulevard. It also has direct access to the MRT and LRT lines, and accessible by various modes of transportation like buses and jeepneys. The project was recognized and awarded by Dot Property as the best Mixed-Use Development for 2019 for its mixed-use concept which blends in key components such as convenience, flexibility, entertainment, and leisure. This is under construction

FLI expects to remain focused on core residential real estate development business which includes landed housing, medium-rise buildings (MRB) and high-rise condominium projects, residential farm estates, entrepreneurial communities, and leisure developments in response to the demands of the Philippine market.

The following are the most recently launched projects and projects with new phases and buildings:

On-going developments of the abovementioned projects are expected to require additional funds, but FLI believes that it will have sufficient financial resources for these anticipated requirements, from the secondary issuance of shares from Filinvest REIT Corp., (formerly Cyberzone Properties, Inc.), debt financing and internal cash generation from operations.

FLI expects to remain focused on core residential real estate development business which includes landed housing, medium-rise buildings (MRB) and high-rise condominium projects, residential farm estates, entrepreneurial communities, and leisure developments in response to the demands of the Philippine market.

In 2022, FLI intends to retain its dominant position as the leader in MRB projects by launching seven (7) new projects nationwide and nineteen (19) additional buildings of existing projects. Aside from the MRBs, FLI has pipelined twelve (12) horizontal residential projects and two (2) HRB projects.

Leasing Segment

The Company has a significant leasing portfolio comprising mostly commercial office and retail developments, including thirty-one (31) offices and BPO buildings, its flagship mall, the Festival Supermall in Filinvest City, and three (3) other community malls. The Company was a pioneer among the Philippine landlords with the longest histories of focusing on the BPO industry as tenants. . As of December 31, 2021, the Company has a portfolio of 524,188 sq.m. of leased office space comprising major international BPO tenants and 256,830 sq.m. of retail space. The Company believes this history and track record is a competitive advantage in gaining the continued confidence of BPO locators.

FLI has the following investment properties for lease:

Commercial Retail Leasing Properties

Festival Supermall Alabang

The landmark project, Festival Supermall, carries on its position as the prime destination for recreation and retail in southern Metro Manila. With more ‘firsts’ on its offerings and a better shopping ambience, the mall has elevated the retail experience in the south. It is one of the country’s largest shopping malls with more than 1,000 shops.

Major improvements have been undertaken and continue to be undertaken for the existing mall and its facilities. New interiors give the mall a refreshed look and modern ambience, complementing the recently completed 46,000 sq.m. expansion wing.

The introduction of new and unique food establishments has made Festival a gastronomic destination ushering in new traffic and strengthening its appeal to its core target market. The Water Garden, a new distinctly refreshing outdoor amenity and convergence zone in the expansion wing, continues to be favorite among mall patrons. Uniqlo opened its first ever roadside store in the country in Westgate, Festival’s affiliated lifestyle development in Filinvest City.

Fora Mall

Conveniently located right by Tagaytay Rotunda is Fora Mall, the first regional mall in the area. This prime retail destination provides about 26,000 sq. m of leasable space amidst nature, open spaces, and a beautifully landscaped amphitheater. It primarily serves the local market and Tagaytay bound tourists. Several local and popular food concepts, along with national brands, have opened in the mall. Super Metro, a 24-hour hypermarket, serves as its anchor. Other notable shops include Ace Hardware, Power Mac, Own Days, Anello and La Sedia. The mall also has four (4) digital cinemas which have become the go to place for Tagaytay City and surrounding towns for recreation.

Main Square

With a smaller format of over 18,000 sq. m leasable area, Main Square is the first and only mall along Bacoar Blvd, close to Bacoar City Hall and fronting Princeton Heights. Positioned as the reliable one-stop hub for neighboring gated villages of Bacoar, it provides basic shopping, wellness, service, and convenience offerings from partner brands such as Anytime Fitness, Watson’s, Ace Hardware, Western Appliances, Japan Home, and DIY. The mall’s anchor for this development is Robinsons Supermarket, which has become the most convenient essentials shopping option in the area.

Il Corso

Il Corso is a retail development with an estimated 34,000 sq. m of leasable area in the City di Mare estate development of Filinvest in the South Reclamation Area of Cebu City. It's opened restaurants facing the sea have become destinations in the southern edge of Cebu City. The cinema has also opened. A 10,000 sq.m. portion of the mall is being reconfigured to accommodate Business Process Outsourcing Companies.

Retail Space Projects in the Pipeline

As of March 31, 2022, the Company has no plans to acquire any additional shopping malls, but intends to undertake commercial and retail projects to complement its residential developments in selected areas.

Mall Locators

In the Philippines, many major shopping malls have been developed by companies which also own large retail operations that to comprise a large chunk of the leasable area. The Company does not own any retail operations. Because the Company and its affiliates are focused primarily on real estate development and finance, the Company believes that this gives its Filinvest Lifemalls the flexibility to sign up tenants who can best serve its target market. The Company has successfully attracted major retailers at the Filinvest Lifemalls, such as Robinson's Retail, SM, SSI, Metro Retail, H&M, Uniqlo and Landmark.

The retail leasing business is not dependent upon a single customer or a few customers, the loss of any or more of which would not have a material adverse effect on the registrant and its subsidiaries taken as a whole. It is also not dependent on any related party.

Mall Leasing Policies

FLI manages its Filinvest Lifemalls with a view to maximizing and enhancing its value by ensuring that it has a mix of tenants that will allow it to cater to the widest possible range of market segments and to meet consumer demand in the communities which the mall serves.

Tenants enter into short- to medium-term leases, typically for periods of two (2) to five (5) years, with tenants required to make a security deposit equal to three (3) to six (6) months' rent and to pay rent on a monthly basis. Tenants pay rents that are either fixed or are comprised of a base rent plus a variable portion ranging from 1.5% to 15.0% of the tenants' sales revenues. Typically, tenants operating restaurants and other dining establishment are charged higher variable rates than tenants who operate apparel stores and other retail establishments. The

combined rent of a base amount per sq.m. plus a variable rent factor based on a percentage of sales, is subject to a minimum rent computed at an amount per sq.m. per month. The base portions of rents are primarily determined by the specific location in the mall and size of space being leased, and are typically subject to an annual escalation rate. Fixed-rate leases are generally with tenants that provide services (such as banks and foreign exchange centers) or which sell high-priced goods (such as jewelry stores and computer stores) and which do not typically generate high turnover. Tenants are charged separately for common area-related costs, such as costs for security, janitorial and other maintenance services and for utilities.

Commercial Office Properties

As of March 31, 2022, the Group owns commercial office spaces for lease to several BPO and other office locators with total gross leasable space of 524,188 sq.m. Primarily, they are located in Northgate Cyberzone in Filinvest City, Alabang, Muntinlupa. Northgate is an 18.7- hectare PEZA zone that enjoys developer incentives. Among the Company's portfolio is the PBCom tower where FLI owns 60.0% through FAC, which owns 50.0% of the 52-storey PBCom Tower in the Makati CBD. PBCom Tower is a Grade A, PEZA-registered, IT/office building located along Ayala Avenue, Makati City with a GLA of 35,148 sq.m.

The Group also owns several completed office developments, in Bay City, Pasay, at EDSA, Mandaluyong near Ortigas MRT station, at Gil Puyat, Makati City, at Clark Mimosa and at Cyberzone Cebu IT Park. A summary of the GLA is set forth below:

Location	Number of Buildings	GLA (sq. m.)
Northgate Cyberzone, Filinvest City	19	327,553
Metro Manila outside of Filinvest City	7	122,668
Outside Metro Manila	5	73,967
Total	31	524,188

The office buildings of Filinvest are mainly located in business parks or in mixed-used complexes highly accessible to public transport. The Group believes its business park model, wherein the Group builds on areas specifically suited for business and industrial establishments supported, in certain cases, by incentives from the Government, gives it a competitive advantage as business parks are the preferred site of major BPO tenants. Being in a major business park allow the tenants assurance of expansion options within proximity thereby giving the Group an advantage over stand-alone developments.

- Northgate Cyberzone, an 18-hectare, PEZA-registered IT park located in Filinvest City in Alabang. The office buildings of the Group sit within the 10-hectare parcel of land in the Northgate district owned by FLI.
- Mimosa Workplus, an office village that is comprised of eight buildings set amidst the lush natural environment of the Filinvest Mimosa+ Leisure City.
- Cyberzone Cebu and Filinvest IT Park are two distinct developments on two separate Build-Transfer-Operate (BTO) arrangements with the Cebu Province. The two parcels of land totaling 2.9 hectares are near the city center located along Banilad and Salinas Avenue in Cebu. Together these comprise 7 office towers, a mall, and a hotel development. The office and mall portions are pre-certified LEED Gold rating.
- Filinvest Cyberzone Bay City, a 4-tower office complex in the bustling section of the Bay Area. Its four towers are already completed and operating. The complex is also certified LEED Silver rating.

Lease Profiles

The Company's office tenants are principally companies in the BPO sector with customer care, medical transcription, software development, graphic design and animation services. Firms that provide corporate backroom support operations, such as accounting and bookkeeping, account maintenance, accounts payable administration, payroll processing, expense and revenue reporting, legal, financial reporting and other finance-related services, have also established a growing presence in the Philippines. Aside from the BPO sector, there are Traditional HQ tenants and small database of POGO tenants.

Office space leases for FLI are typically for periods ranging from three (3) to five (5) years, although “built-to-suit” buildings are typically leased for ten years. The lease agreements generally require tenants to make a three-month security deposit and three (3) months advance rent. Rent is paid on a fixed per sq.m. basis, depending on unit size and location.

Leases with POGO tenants, which account for approximately 7% of total office space in aggregate, are usually for terms of minimum three (3) to five (5) years with six (6) months deposit and six (6) months advance rent (to be applied at the end of the lease term but these are payable upfront upon handover) for such tenants.

The office leasing business is not dependent upon a single customer or a few customers, the loss of any or more of which would not have a material adverse effect on the registrant and its subsidiaries taken as a whole. It is also not dependent on any related party.

FLI’s current tenants include Top Multinational BPO Companies - which are some of the most recognized players in the BPO space. FLI enjoys relatively high repeat business from its existing clients with about 90% of its current tenants being original tenants who have opted to either renew or extend their respective lease contracts, suggesting the company’s strong ability to retain quality lessees.

Residential Housing

Since it began commercial operations, FLI’s core business has been developing and selling residential subdivisions and housing units in the Philippines. In the 1990s, FLI started developing affordable housing units in the Philippines. Since then, the Company has ventured into the development of other real estate products, such as MRBs and HRBs. The Company believes that its long-standing brands, built over a five (5)-decade history of success and innovation provides it with an advantage in the marketing and sales of its core affordable housing products nationwide.

The Company’s residential projects include houses, lots, MRBs and HRBs, which are offered in the socialized, affordable, middle income and high-end housing segments. Except for FLI’s socialized housing products, which are categorized based on criteria set by the Government, FLI’s residential product lines are categorized based on criteria determined solely by the Company, taking into consideration factors such as the price points for each category and the target market for each project. The criteria set by the Company in determining which of its projects are affordable, middle-income and high-end may differ from those set by its competitors and by industry associations.

The Company’s customer base consists of both domestic and overseas Filipinos. The Company believes the OFW population and expatriate Filipinos contribute a significant portion of the demand for FLI’s affordable and middle- income housing by remitting funds to family members in the Philippines to purchase property and by purchasing properties from abroad.

Landed Residential Housing

Socialized Housing

Socialized housing is marketed under FLI’s “Pabahay” brand, with lots typically priced at up to ₱160,000 per lot and housing units typically priced at up to ₱580,000 per unit. FLI’s socialized housing comprises large-scale, mass- housing projects that have historically ranged in size from approximately six to 55 hectares and have been developed in phases typically comprising 1,000 lots of 35 to 50 sq.m. each, organized in clusters of front-expandable row houses with supporting amenities and facilities. Government regulations generally require developers to allocate at least 5% to 20% of their subdivision development activities (by either area or cost) for socialized housing units, although this requirement can also be satisfied through alternative means. Buyers of socialized housing projects are eligible to obtain financing from the Government’s Pag-IBIG Fund. Maximum sales prices for FLI’s socialized housing products do not exceed Government-mandated ceilings of ₱580,000 per unit and income realized from the development and improvement of socialized housing sites are exempt from taxation. See “Regulatory and Environmental Matters.”

Affordable/Middle-Income Housing

Affordable housing is marketed under FLI’s “Futura Homes” brand, with lot-only prices ranging from ₱160,000 to ₱750,000 and per-unit prices for housing units ranging from ₱580,000 to ₱1,500,000. Affordable housing developments typically range from two (2) hectares to twenty-six (26) hectares and have been developed in phases typically comprising approximately 300 lots each. Houses typically have a floor area of approximately 40 sq.m., with a lot size generally between 80 to 150 sq.m. Homes in this sector are designed and constructed

with the capacity and structural strength to allow the owner to construct an additional story, which can double the available floor area. Affordable housing developments are generally located in the provinces bordering Metro Manila, including Rizal, Pampanga, Bulacan, Laguna, Batangas and Cavite, and in key regional cities such as Tarlac, Cebu, Iloilo, Cotabato, Palawan, Negros, Zamboanga and Davao. Construction of a house is usually completed approximately six months from the receipt date of the final installment of the required down payment.

The Company markets its middle-income housing under the “Filinvest Aspire” brand, with lot-only prices ranging from ₱750,000 to ₱1,200,000 and per-unit prices for housing units ranging from ₱1,500,000 to ₱4,000,000. Historically, FLI’s middle-income housing developments have ranged in size from approximately five (5) to forty-six

(46) hectares and have been developed in phases typically comprising approximately 150 lots of 150 to 300 sq.m. each. Middle-income housing developments are typically located within Metro Manila, nearby providences such as Rizal, Tarlac, Cavite, Pampanga and Laguna, and major regional urban centers in Cebu, Palawan, Butuan, Cagayan de Oro, Davao, and Zamboanga. A typical home in the middle-income projects has two (2) stories. Houses in this sector are designed and constructed with the capacity and structural strength to allow the owner to add extensions to the existing structure. Construction of a house is usually completed approximately nine (9) to twelve (12) months from the receipt date of the final installment of the required down payment.

High-end Housing

The Company markets its high-end housing developments under the “Filinvest Prestige” brand, with lots priced at above ₱1,200,000 each, and per-unit prices for housing units above ₱4,000,000. The Company also markets high-end housing projects under the “Filigree” brand for its more exclusive developments. Historically, the Company’s high-end housing developments have ranged in size from approximately 5 to 25 hectares and have been developed in phases typically comprising approximately 35 to 300 lots of 250 to 1,000 sq.m. each. High-end housing developments are typically located within Metro Manila and in areas immediately outside Metro Manila and in major regional urban centers in Cebu. A typical home in a high-end housing project has two (2) stories. Homes in this sector are designed and constructed with the capacity and structural strength to allow the owner to add extensions to the existing structure. Construction of a house is usually completed approximately nine (9) to twelve (12) months from the receipt date of the final installment of the required down payment.

Vertical Residential Housing

Medium-Rise Buildings

MRB projects are designed in clusters of buildings that surround amenities with the intention of providing a quiet environment within an urban setting. MRBs are typically five (5) stories with an elevator and include studio, one bedroom and two (2) bedroom units. The Company’s policy is to commence construction of an MRB building when at least 50.0% of the units in the building has been sold. From a developer’s perspective, MRBs offer several benefits

compared to high-rise developments. MRBs can generally be constructed in less than one year once all approvals have been obtained, which reduces the risk borne by FLI between the launch and delivery of a project. The lower height of MRBs also reduces construction costs compared with high-rises which require extra reinforcement to protect against earthquake damage.

MRBs are marketed under FLI’s “Oasis” brand for the middle-income market and under FLI’s “Spatial” brand for the affordable housing market. MRBs under the “Oasis” brand typically have per-unit prices ranging from ₱2,000,000.00 to ₱4,400,000.00 depending on the size of the unit, while MRBs under the “Spatial” brand typically have per-unit prices ranging from ₱1,700,000.00 to ₱3,600,000.00. MRBs offer low-density development and lower association dues compared with high-rise condominium buildings, in addition to a lower price per sq.m. MRBs are generally located in prime urban zones. Further, MRBs are developed to maximize open space, with buildings typically occupying 30% to 35% of the development’s land area. In contrast with its other developments, which generally require the down payment to be paid within 12 months, FLI generally allows MRB purchasers to pay the down payment in installments over a 24-month period.

As of the date of this Prospectus, the Company has 27 MRB projects with more than 100 buildings throughout Luzon, Visayas and Mindanao.

High-Rise Buildings (“HRBs”)

The Company develops HRBs in prime areas. HRBs are at least eighteen (18) stories, with various floor plans and designs depending upon the demographics of the target market for each building. FLI’s policy is to

commence construction of a HRB when at least 50% of the units in the building has been sold. From a development perspective, HRBs generally can be constructed in two (2) years once all Government approvals have been obtained.

Leisure Projects

The Company's leisure projects consist of its condotels, residential farm estates, residential resort developments.

Condotels

FLI developed the 25-storey Grand Cenia Hotel and Residences, which is strategically located across the Cebu Business Park, a joint venture project of FLI, as developer, and Gotianun Family-owned GCK Realty Corporation, as landowner. Under the terms of the joint venture agreement, GCK Realty Corporation contributed 4,211 sq.m. of land to be developed in accordance with a master development plan in exchange for an 8% interest in the joint venture. The condotel units are targeted to business travelers, returning OFWs and expatriate Filipinos. Owners of individual condotel units are required to place their units in a rental pool that will be operated as a business hotel. Owners are entitled to use the unit for 14 days annually. The units were handed over to the condotel buyers for preparation for hospitality operations. In 2012, the hotel started operating as the Quest Hotel and Conference Center, Cebu, a three- star hotel with business and conference facilities. The Company has also developed the Fora Hotel Tagaytay.

Residential Farm Estates

The Company began marketing its residential farm estate projects to customers in 2003, after FLI's in-house market research indicated that there was demand among customers, such as retirees and farming enthusiasts, for leisure farms that can serve as alternative primary homes near Metro Manila. To help attract buyers, the Company maintains demonstration farms in its farm estate projects and also has personnel on site to provide buyers with technical advice on farming. Customers can purchase lots (with a minimum lot size of 750 sq.m.) on which they are allowed to build a residential unit (using up to 25.0% of the total lot area). The remaining lot area can be used for small-scale farming, such as fish farming or vegetable farming. Residential farm estates are sold on a lot-only basis, with buyers responsible for the construction of residential units on their lots.

As of the date of this Prospectus, the Company has three (3) residential farm estates under FLI, Nusa Dua Farm Estate, Mandala Residential Farm Estate and Forest Farms Residential Farm Estate. Nusa Dua Farm Estate is located in Cavite, just south of Metro Manila. Mandala Residential Farm Estate ("Mandala") is located in Rizal province and integrated in FLI's Timberland Heights township project. Forest Farms Residential Farm Estate ("Forest Farms") is also located in Rizal province as part of FLI's Havila township project. It is an exclusive mountain retreat and nature park, located between the hills of Antipolo and the forested area of Angono, Rizal.

Residential Resort Development

FLI entered the high-end residential resort market in 2007 with the launching of the Laeuna de Taal project located along Tagaytay Ridge, Batangas and the Kembali Coast project and Veranda Resort Condominium in Samal Island, Davao. The residential resorts capture the growing demand for second homes and leisure and retirement destinations of the high-end market segment. Laeuna de Taal, provides scenic views of the Taal Lake, and offers three (3) residential enclaves: Arista, Bahia, and Orilla. Located on the water front of Laeuna de Taal is the Lake Club, a lakeside amenity designed for wellness, recreation and events. Kembali Coast is an Asian-Balinese inspired beachfront residential development with a 1.8 kilometer beach, providing seaside resort-style living in the Mindanao area. Kembali has a total land area of 50 hectares while the Laeuna de Taal project has a total land area of 60 hectares.

Other Infrastructure

District Cooling System

FLI has also partnered with Engie Services Philippines pursuant to a 60:40 joint venture to develop in Northgate Cyberzone, Filinvest City what is expected to be the first and largest district cooling system in Northern Luzon with an expected capacity of up to 12,000 tons of refrigeration. The district cooling system is expected to provide sustainable energy solutions by conserving energy through lower use of electricity, water and chemicals, and reducing greenhouse gas emissions and ozone-destroying refrigerants.

The joint venture entity, Philippine DCS Development Corporation ("PDDC"), was registered with the Philippine SEC on July 31, 2015 and started its commercial operations in September 2017. PDDC's primary purpose is to engage in the business of the construction and operation of a district cooling system, the supply of

chilled water, and the development of, and search for, new district cooling system and heating, ventilation and air-conditioning projects

Real Estate Investment Trust (REIT)

In preparation for the FILRT's transition to a REIT company, FLI and FILRT identified and selected the properties of FILRT that will comprise the initial REIT portfolio based on the requirements of the REIT Law as well the Company's investment criteria. As such, FLI and FILRT determined that certain of FILRT's assets (as enumerated below) will be transferred from FILRT to FLI in the form of property dividends or through assignment of rights. On December 4, 2021, the FILRT Board approved the declaration of property dividends consisting of one building (which has been operational for less than three years) in Northgate Cyberzone (Axis Tower 2), two (2) buildings under construction in Northgate Cyberzone (Axis Tower 3 and Axis Tower 4), and a parcel of land in South Road Properties, Cebu City to stockholders of record as of November 30, 2021. On February 11, 2022, the FILRT Board also approved the declaration of property dividends to stockholders of record as of February 15, 2022, consisting of four (4) existing buildings, (i) Concentrix Building in Northgate Cyberzone, (ii) IT School in Northgate Cyberzone, (iii) the Filinvest Building at EDSA, Wack, Mandaluyong City, all of which have been identified for redevelopment, and (iv) Cebu Tower 2 in Filinvest Cyberzone Cebu, which has been operating for less than three (3) years. On February 11, 2022, the FILRT Board also approved the transfer of its rights under its "build-transfer-operate" ("BTO") arrangement with the Cebu Provincial Government relating to two buildings under construction (Cebu Tower 3 and Cebu Tower 4) in Filinvest Cyberzone Cebu, to FLI. These transactions do not affect the consolidated financial statements of FLI and its subsidiaries.

On August 12, 2022, Filinvest REIT Corp., the real estate investment trust (REIT) of Filinvest Land, Inc., was listed on the PSE with an offer price of ₱7.00 per share. At the offer price, the projected dividend yield as stated in the REIT Plan is 6.3% for FY2022 and 6.6% for FY2022. The base offer of the IPO was 1,634,187,850 common shares, with an overallotment option of up to 163,418,785 common shares.

FLI previously owned 100% of FILRT and sold 36.7% or 1,797.61 million shares in its initial public offering (IPO). The gross proceeds from the IPO amounted to Php 12,583,246,445.00.

Reinvestment Plan

As sponsor of FILRT, the REIT Law requires the Company to reinvest (a) any proceeds realized by it from the sale of FILRT shares or other securities issued in exchange for income-generating real estate transferred to the FILRT and (b) any money raised by the Company from the sale of any of its income generating real estate to FILRT, in any real estate, including any redevelopment thereof, and/or infrastructure projects in the Philippines within one (1) year of receipt of the proceeds.

Following current regulations, Filinvest Land intends to invest its net proceeds in the construction and development of its various office, retail and residential projects. Filinvest Land plans to invest the net proceeds in nine (9) office buildings, three (3) retail projects, five (5) mid-rise residential buildings as well as industrial lots. It also plans to use the funds for the purchase of land parcels for residential and commercial purposes and to expand the capacity of the District Cooling System in the Northgate Cyberzone. All disbursements for such projects are intended to be distributed within one year upon receipt of the proceeds from the secondary offer of FILRT shares. All of the projects for which the proceeds will be spent are located within the Philippines and none are to be spent outside of the Philippines. Filinvest Land does not intend to reinvest the net proceeds from the Offer Shares in any infrastructure project.

Filinvest Land shall monitor the actual disbursements of projects proposed in the Reinvestment Plan on a quarterly basis. For purposes of monitoring, Filinvest Land prepares quarterly progress reports of actual disbursements on the projects covered by the Reinvestment Plan. In the event of changes in the actual disbursements of projects proposed in the Reinvestment Plan, Filinvest Land, shall inform the SEC, PSE, BIR or the appropriate government agency, by sending a written notice to that effect

As of March 31, 2022, the remaining balance of proceeds from FILRT IPO amounts to Php7,673,816,729.16 out of the Php12,583,246,445.00 proceeds from the IPO. Php2,281,799.73 was disbursed for price stabilization activities, Php316,945,305.82 was disbursed for IPO-related fees, Php132,542,600.57 was disbursed for IPO transactions costs and Php4,456,088,409.48 was disbursed and reinvested to real estate projects identified in the Reinvestment Plan from August 13, 2021 to March 31, 2022.

Registration with the Board of Investments (BOI)

As of March 31, 2022, FLI has registered the following projects with the BOI under the Omnibus Investments Code of 1987 (Executive order No. 226) :

Item 4. Other Disclosures

1. Except as disclosed in the Notes to Unaudited Interim Consolidated Financial Statements and Management's Discussion and Analysis of Financial Condition and Results of Operations, there are no unusual items affecting assets, liabilities, equity, net income or cash flows for the interim period.
2. The Company's unaudited interim consolidated financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the consolidated annual financial statements as of and for the year ended December 31, 2021 (PAS 34, par 15).
3. The accounting policies and methods of computation adopted in the preparation of the unaudited interim consolidated financial statements are consistent with those followed in the preparation of the Company's annual consolidated financial statements as of and for the year ended December 31, 2021.
4. On known trends, events or uncertainties that have had or are reasonably expected to have favorable or unfavorable impact on net sales or revenues or income from continuing operations of FLI, the Covid-19 global pandemic.

COVID-19 Pandemic

The Group continues to abide by and comply with all rules and regulations issued by the government in relation to the COVID-19 pandemic. In line with applicable rules and regulations, the said risks are mitigated by business continuity strategies set in place by the Group. Measures currently undertaken by the Group to mitigate the risks of COVID-19 pandemic on its operations include work from-home arrangements, proper and frequent sanitation of office premises, cancellation of large group meetings in person, an internal ban on foreign business travel, and the practice of social distancing through remote communication, among others.

The quarantine restrictions and recent social distancing guidelines limit the operations of malls and construction completion. Despite the challenges, the Group prioritized easing the burden of its customers by providing payment grace periods or rental relief. Past efforts in process improvement and digitalization allowed the company to operate efficiently and effectively to continue to serve customers. Operations have adjusted to the pandemic from digital marketing and online selling processes to the continued communication with the buyers and homeowners through the online service desk. As of date, estimate of the impact cannot be made.

The Group is taking a two-pronged strategy of (i) expanding the investment property portfolio and (ii) prudent residential development focusing on the end-user, affordable and middle-income markets. The company is concentrating on the completion of its key projects, particularly office buildings which continue to be in demand and selected residential developments across the country.

5. Aside from any probable material increase in interest rates on the outstanding long-term debt with floating rates, there are no known trends, events or uncertainties or any material commitments that may result to any cash flow or liquidity problems of the Group within the next 12 months.

AGREED-UPON PROCEDURES REPORT ON QUARTERLY PROGRESS/ANNUAL SUMMARY REPORT ON USE OF PROCEEDS FROM THE LISTING OF FILINVEST REIT CORP.

Ms. Ana Venus A. Mejia
First Senior Vice President and Chief Financial Officer
Filinvest Land, Inc.
Filinvest Building, 79 EDSA, Highway Hills
Mandaluyong City 1550, Metro Manila

Purpose of this Agreed-upon Procedures Report

We have performed the procedures which were agreed to by Filinvest Land, Inc. (the "Company") solely to assist you in complying with the requirements of the Philippine Stock Exchange ("PSE") in relation to the Quarterly Progress Report for the period from January 1, 2022 to March 31, 2022 on the use of proceeds from the initial public offering ("IPO") of the shares of Filinvest REIT Corp. ("FILRT") ("Subject Matter). Accordingly, this may not be suitable for another purpose.

Restriction on Use

This agreed-upon procedures report ("AUP Report") is intended solely for the information and use of the Company and the PSE and is not intended to be and should not be used by anyone else.

Responsibilities of the Company

The Company has acknowledged that the agreed-upon procedures are appropriate for the purpose of the engagement.

The Company is responsible for the Subject Matter on which the agreed-upon procedures are performed. The sufficiency of these procedures is solely the responsibility of the Company.

Practitioner's Responsibilities

We have conducted the agreed-upon procedures engagement in accordance with the Philippine Standard on Related Services (PSRS) 4400 (Revised), *Agreed-Upon Procedures Engagements*. An agreed-upon procedures engagement involves our performing the procedures that have been agreed with the Company, and reporting the findings, which are the *factual results of the agreed-upon procedures performed*. We make no representation regarding the appropriateness or the sufficiency of the agreed-upon procedures described below either for the purpose for which this AUP Report has been requested or for any other purpose.

This agreed-upon procedures engagement is not an assurance engagement. Accordingly, we do not express an opinion or an assurance conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported.

Professional Ethics and Quality Control

In performing the Agreed-Upon Procedures engagement, we complied with the ethical requirements in the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics). We are not required to be independent for the purpose of this engagement. We are the independent auditor of the Company and complied with the independence requirements of the Code of Ethics that apply in context of the financial statement audit.

Our firm applies Philippine Standard on Quality Control 1, *Quality Control for Firms that Perform Audits and Reviews of Financial Statements, and Other Assurance and Related Services Engagements*, and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Procedures and Findings

We have performed the procedures described below, which were agreed upon with the Company in the terms of engagement dated April 13, 2022, on the Subject Matter.

1. We obtained the Quarterly Progress Report on Use of Proceeds from the IPO of FILRT for the period from January 1, 2022 to March 31, 2022 (the "Progress Report") and checked the mathematical accuracy of the Progress Report. No exceptions were noted.
2. We compared the disbursements in the Progress Report to the list of disbursements for the period from January 1, 2022 to March 31, 2022 (the "Disbursement Schedule") and noted the amounts to be in agreement. Further, we noted that of the total disbursements reported for the period from January 1, 2022 to March 31, 2022 in the Disbursement Schedule, Php566.29 million pertain to disbursements made in December 2021.
3. We compared the Disbursements Schedule with the schedule of planned use of IPO proceeds as documented in the Reinvestment Plan and noted that the projects in the Disbursement Schedule are included in the REIT plan. We also noted that disbursements for each project are within the amount allocated in the Reinvestment Plan, except for Dreambuilders' capex which exceeded the amount allocated in the Reinvestment Plan by Php503.85 million.
4. We traced disbursements exceeding Php50 million to supporting documents such as bank statements and collection receipts. Differences in the amount per Disbursement Schedule samples selected and the related collection receipts pertain to withholding taxes.

Explanatory paragraph

The Company is responsible for the source documents that are described in the specified procedures and related findings section. We were not engaged to perform and we have not performed any procedures other than those previously listed. We have not performed procedures to test the accuracy or completeness of the information provided to us except as indicated in our procedures. Furthermore, we have not performed any procedures with respect to the preparation or verification of any of the source documents. We have no responsibility for the verification of any underlying information upon which we relied in forming our findings.

The agreed-upon procedures do not constitute an audit or a review of financial statements or part thereof, the objective of which is the expression of an opinion or conclusion on the financial statements or part thereof.

We undertake no responsibility to update this AUP Report for events and circumstances occurring after the AUP Report is issued.
